

IONOS Cloud Startup Initiative

Take advantage of cloud services worth £5,000

[Apply now](#)

Benefits of the IONOS Cloud Startup Initiative:

Get started with free cloud services for 12 months!

Save £5,000 during the crucial startup phase while you secure your funding.

Personal account management

Receive tailored advice from our account management experts.

Cloud consultants by your side

Access professional services and support from experts who will help design optimised cloud architecture for your business.

Extended product bundles

Get access to all United Internet Group products (e.g. fibre optic networks from 1&1 Versatel) with special, tailored packages.

Proven success

Join startups like Xayn in benefiting from the proven success of IONOS Cloud.

Added marketing value

Benefit from more reach and attention through joint marketing activities such as our success stories.

Who can apply?

Startups (max. 5 years after foundation) with:

- ✓ A valid LinkedIn profile
- ✓ Proof of business registration
- ✓ A company website

Each startup can only participate once. The free cloud services can be used for 12 months.

Testimonial:

Leif-Nissen Lundbæk
(CEO & Co-founder - Xayn)

"Our secure search engine is the European answer to the data collection frenzy of large tech companies. Data protection is therefore the measure of all things for us and that's why we searched intensively for a European cloud provider. With IONOS we have found a reliable partner."
